

## Bursary for the Initial Exam or for the Renewal of the National Certification in Perioperative Nursing

These bursaries are for individuals registered to the National Certification Exam or for those renewing their certification in the Perioperative Nursing Program of the Canadian Nurses Association (CAN).

As the Corporation of Operating Room Nurses of Quebec, we believe that the National Certification represents a strong commitment to implementing, maintaining, and strengthening health care norms. We believe that nurses who acquire this certification demonstrate dedication and competence to our very specific field of nursing. This is why we chose to offer the possibility of full, or partial reimbursement of fees that are inherent to the successful completion of the exam.

### Initial Certification Bursaries

In order to encourage new registrations to the certification, the Administrative Council has decided to offer bursaries covering all registration and examination fees to two new recruits. These two 575\$ bursaries represent a total amount of 1 150\$. Should 3 or more persons register, the total amount would then be divided equally amongst the recipients.

### Renewal Certification Bursaries

For individuals who would like to renew their certification, the Administrative Council has decided to offer two bursaries to cover registration and examination fees. These two bursaries of 500\$ represent a total amount of 1 000\$. Should 3 or more persons register, the amount would then be divided equally amongst the recipients.

### Eligibility criteria and registration modalities for both bursaries:

- ✓ Active member of the CORNQ/ORNAC for at least 2 years ;
- ✓ The deadline for registration is the exam date for the current year ;
- ✓ Have completed the bursary request form at ORNAC and have sent it at the latest on December 31<sup>st</sup> of the current year ;
- ✓ A form that is deemed incomplete may be pulled from candidate submissions ;
- ✓ The bursary will be allocated once the proof of a successful exam has been received, in the weeks that follow the end of the year of reference;
- ✓ Only the original receipt of the certification will be accepted for reimbursement purposes.
